O, How I love to go outside.

I love to clime some trees.

I would love to run in our yard.

It would be fun to play with so friends.

I also like the green leaves on trees.

I really really like the pretty flowers.

I really like to learn about birds.

I also really like going on walks

I really think there pretty cool.

I love to go outside and do some fun.

I love seeing the leaves fall on the ground.
